July 31st: Costa Rica Mission Trip departure

Please note that we will have an event these days, but the event itself is subject to change based on weather. Be on the lookout for additional activities to be added to the calendar. I will give as much notice for those as possible! Your student will be financially responsible for any food or tickets for these events. I will give notice as to how much money they need to bring ahead of time so that you can prepare. Remember to not let finances be an issue. I am happy to work with you all as needed!

Also note that we will have Overflow EVERY Sunday night except Mother's Day, Father's Day, and the 4th of July. I wanted to give the students a consistent opportunity to gather together throughout the summer! As always, please let me know if you have any questions! Thanks so much!!
